

The background of the image is a repeating diamond pattern. Each diamond is filled with a wood grain texture. The colors of the wood grains alternate between a light, natural wood tone and a dark, rich brown tone, creating a checkerboard-like effect. In the center of the image, there is a solid dark red rectangular box. Inside this box, the word "BISAZZA" is written in a white, bold, serif typeface. Directly beneath "BISAZZA", the word "WOOD" is written in a smaller, white, sans-serif typeface.

BISAZZA

WOOD

BISAZZA

WOOD

La collezione Bisazza Wood porta nel mondo del parquet l'inconfondibile eleganza e innovazione del marchio Bisazza, unendo la bellezza naturale del legno con l'arte del design italiano. Questo parquet esclusivo si distingue per la qualità dei materiali e la cura artigianale con cui è realizzato, offrendo una soluzione di rivestimento per pavimenti che coniuga calore, raffinatezza e durevolezza.

Bisazza Wood è un parquet prefinito in legno di rovere, disponibile in un'ampia gamma di colori, dalle nuance chiare e luminose Sugar e Pearl a quelle più scure Moka e Notte. Questa varietà permette di personalizzare ogni progetto, scegliendo la tonalità che meglio si adatta allo stile e all'atmosfera desiderata, sia per ambienti classici che moderni.

La lavorazione artigianale di ogni elemento di parquet Bisazza garantisce un prodotto di alta qualità, con una particolare attenzione ai dettagli. Le superfici sono trattate per assicurare una maggiore resistenza all'usura, mantenendo intatta la bellezza del legno nel corso degli anni.

Scegliere il parquet Bisazza Wood significa optare per un pavimento che non solo arreda, ma diventa un vero e proprio elemento di design, capace di trasformare gli spazi in ambienti raffinati e confortevoli. La combinazione tra tradizione artigianale e tecnologia moderna fa di questa collezione una scelta eccellente per chi desidera un prodotto che unisce estetica, qualità e funzionalità.

The Bisazza Wood collection brings the unmistakable elegance and innovation of the Bisazza brand to the world of parquet flooring, combining the natural beauty of wood with the art of Italian design. This exclusive parquet flooring stands out for the quality of its materials and the artisanal craftsmanship with which it is made, offering a flooring solution that combines warmth, refinement, and durability.

Bisazza Wood is a prefinished oak wood parquet, available in a wide range of colours, from the light and luminous shades of Sugar and Pearl to the darker tones of Moka and Notte. This variety allows for the customization of every project, choosing the shade that best suits the desired style and atmosphere, whether for classic or modern spaces.

The craftsmanship of each Bisazza parquet block guarantees a high-quality product, with special attention to detail. The surfaces are treated to ensure greater resistance to wear, maintaining the beauty of the wood over time.

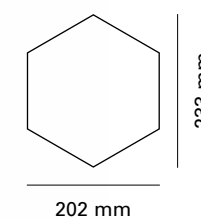

Choosing Bisazza Wood parquet flooring means opting for a floor that not only decorates but becomes a true design element, capable of transforming spaces into refined environments. The combination of traditional craftsmanship and modern technology makes this collection an excellent choice for those who desire a product that blends aesthetics, quality, and functionality.

Wood è un parquet prefinito di 15 mm di spessore, costituito da uno strato superiore di rovere di 4 mm su un supporto in multistrato di betulla, assemblato rispettando i più severi canoni di produzione.

Wood supera con ottimi risultati i test di usura e di stabilità, e può essere posato su pavimenti con riscaldamento radiante.

La superficie è spazzolata e finita con un ciclo di verniciatura che rende il prodotto resistente alle macchie e all’usura dovuta al continuo passaggio.

Wood è ignifugo, essendo omologato alla classe europea di reazione al fuoco Dfl-s1, e risponde ai requisiti dettati dalla normativa sulla marcatura CE relativa ai pavimenti in legno.

Wood is a prefinished 15mm thick parquet consisting of a 4-mm-thick top layer of oak on a birch plywood backing, assembled according to the strictest production standards.

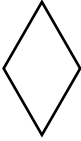

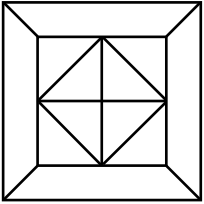

Wood has excellent wear and stability results and can be laid on floors with radiant heating.

The surface is brushed and finished with a varnish, which makes this product extremely resistant to stains and suitable for high-traffic floors.

Wood is fire retardant, being approved to European Fire Reaction class Dfl-s1, and meets the requirements dictated by the CE marking regulations for wood floors.

Wood è prodotto interamente in Italia.
The Wood collection is fully made in Italy.
Wood est entièrement produit en Italie.
Wood ist ausschließlich in Italien hergestellt.
Wood se produce totalmente en Italia.

EN 14342:2013

La collezione Wood risponde ai requisiti dettati dalla normativa sulla marcatura CE relativa ai pavimenti in legno.
The Wood collection fully complies with all the CE regulations.
Wood respecte toutes les conditions requises par la réglementation européenne sur le marquage CE des parquets.
Wood erfüllt alle Anforderungen der EU Normen hinsichtlich der CE Kennzeichnung in Bezug auf Holzfußböden.
Wood respeta todos los requisitos dictados por la normativa europea sobre la marcación CE para suelos de madera.

Tutti i prodotti a catalogo sono omologati alla classe europea di reazione al fuoco Dfl-s1 (EN 13501-1:2009). L'utilizzo di Wood a pavimento è pertanto consentito anche in ambienti pubblici e privati dove è richiesto questo requisito di sicurezza antincendio o requisiti equiparabili nelle specifiche normative nazionali.

The European reaction to fire certification Dfl-s1 (EN 13501-01:2009) is available for all the products on our catalogue. Therefore, Wood timber flooring can also be laid in public and private areas where fire prevention or similar safety requirements are needed, in accordance with specific national rules.

Tous les produits présentés dans ce catalogue sont certifiés Dfl-s1 pour la résistance au feu selon la norme européenne (EN 13501-1:2009), ce qui permet de poser WOOD au sol dans des milieux résidentiels ou publics où cette certification de sécurité incendie, ou toute autre attestation similaire, est demandée par la réglementation nationale en vigueur.

Alle Produkte im Katalog sind mit Dfl-s1 Brandschutz (EN 13501-1:2009) zertifiziert. Der Einsatz des Bodenbelags Wood ist daher sowohl in öffentlichen als auch in privaten Bereichen möglich, wo diese Anforderung des Brandschutzes oder vergleichbare Anforderungen nach spezifischen nationalen Richtlinien vorgegeben sind.

Todos los productos del catálogo están homologados según la clase europea de reacción al fuego Dfl-s1 (EN 13501-1:2009). La colección Wood también está homologada para su uso en ambientes públicos y/o privados y donde este requisito de seguridad contra incendios o equivalentes, sea requerido por las especificaciones reglamentarias nacionales.

*Information sur le niveau d'émission de substances volatiles dans l'air intérieur, présentant un risque de toxicité par inhalation, sur une échelle de classe allant de A+ (très faibles émissions) à C (fortes émissions)

Certificazione francese sulle emissioni di Composti Organici Volatili. Tutti i prodotti Wood che sono stati testati secondo le modalità previste dal Decreto francese n°2011-321 hanno conseguito la classe di emissione A+, la più restrittiva tra quelle previste dal medesimo Decreto.

French certification about the emissions of Volatile Organic Compounds. All the Wood collection products, tested according to n°2011-321 French Decree, have obtained the A+ rating, the highest among those in the decree.

Certification française sur les émissions des Composés Organiques Volatils. Tous les produits Wood testés selon la méthode prévue par le Décret français n°2011-321, ont obtenu le classement sur le niveau d' émission A+, l'une des plus strictes réglemementations prévues dans ce même Décret.

Französische Zertifizierung über die Emission von flüchtigen organischen Verbindungen. Alle Produkte Wood, die gemäß der in der französischen Verordnung n°2011-321 vorgesehenen Bestimmungen getestet worden sind, sind der Emissionsklasse A+ zugeordnet worden, die von dieser Verordnung als strengste Klasse definiert ist.

Certificación francés las emisiones de Compuestos Orgánicos Volátiles. Todos los productos Wood, como se desprende de los análisis efectuados por el Decreto francés n° 2011-321, han conseguidos la clase de emisión A+, la más restrictiva entre las clases definidas por el mismo Decreto.

The mark of responsible forestry

Certificazione della catena di custodia che garantisce la provenienza da foreste gestite secondo rigorosi standard ambientali, sociali ed economici. Su richiesta, i prodotti a catalogo sono disponibili con certificazione FSC™.

Certification of the chain of custody which ensures that the raw material hails from forests regulated according to strict environmental, social and economic standards. All the products in the catalogue are available with FSC™ certification on demand.

Certification de la chaîne de conservation qui garantit la provenance de forêts gérées selon de rigoureux standards sociaux, économiques et environnementaux. Sur demande, tous les produits de notre catalogue sont disponibles avec certification FSC™.

Zertifizierung der Chain-of-Custody, die Herkunft des Holzes von Wäldern garantiert, die nach strengen ökologischen, sozialen und wirtschaftlichen Standards bewirtschaftet werden. Auf Anfrage sind die Produkte im Katalog mit FSC Zertifizierung erhältlich.

Certificación de la cadena de vigilancia que garantiza la procedencia de bosques explotados con arreglo a rigurosos estándares medioambientales, sociales y económicos. Bajo petición, los productos del catálogo están disponibles con certificación FSC™.
